Inflation-groceries are costly to families most people require 2 cars for work, plus mortgage payment -insurance etc.

I would like to. See prime minister path scraped—better things spend money on roads buildings , because as seen before they will just end up in red paint, which tax payers have to fund,

same goes for camera at school which has been cut down multiple times -again taxpayers pay put up another one

I think budget should concentrate, on roads, and other needs in township, before adding on other expense, money only goes so far and many people are experiencing a difficult time paying bills—JUST MY OPINION. .
