We live in New Dundee. Our property tax is already large. Almost \$8000 a year for a half acre lot. We do so much fundraising for our community to keep the services we want and need in town like a ball diamond, play ground, community centre and here again you want to raise our taxes to an unrealistic amount for the average working class family to afford. I am becoming poor just because I choose to live in Wilmot Township. After talking with several of our neighbours and friends we all agree. This is too high of a cost to ask for all at once. Groceries, gas, utilities etc keep going up and up but yet my wages only go up by a percent each year. Please reconsider. I would hate to move to a different township

Hammer Family.
