What will the tax hike amount proposed be for a house that is worth \$1,200,000.00? Sure \$580 sounds like a lot. It is a lot!!! But that amount that is talked about is for an "average" home in Wilmot township probably valued at around \$450,000.00. What house is "really" worth only that? What would be tax hike on a house worth more. Some of us have been in our houses for decades and the value has gone up. Great for us but only when we sell. But when you put taxes up like this how is a normal working person supposed to be able to afford tax hikes like this? Who got a 51% pay raise plus regional rate hike plus school rate hike? Who will want to buy a house in Wilmot township knowing we have no minds taking care of our money? The value of all our homes just went down due to this debacle! Thanks council! Don't even think we will be thankful when you figure out a way to delay the inevitable by getting this down even 10 points and then we are supposed to jump for joy? How many of you actually live in Wilmot Township!!!!!!??????

Pissed off like no tomorrow.....Brenda Haid
