Dear Mayor Salonen:

I am writing to advise you of my concern over the controversial land assembly action taken in Wilmot Township. I strongly oppose this action. Below I have listed two actions that I urge council to take. Along with many other township citizens, I, too, remind you that **WILMOT IS NOT A WILLING HOST!**

1. I ask Council to pass, now, a motion that Wilmot Township is not a willing host for this proposed mega-industrial site on prime farmland.
2. Publicize this action to provincial officials including the Premier; the Regional Council Chair and councillors; and the entire community of Wilmot Township.

Your failure to quickly, strongly and steadfastly pass this motion will mean I will not vote for any members of this council in the next election. Please acknowledge receipt of this email.

Sincerely,

Donald F. Worthington

Dear Councillor Wilkinson

Dear

I am writing to advise you of my concern over the controversial land assembly action taken in Wilmot Township. I strongly oppose this action and the lack of transparency over the last year. The harm caused to the landowners involved, and the divisiveness this has created in the township is unacceptable. Below I have listed several actions that I wish council to take. I consider these the most important. Along with many other township citizens, I, too, remind you that **WILMOT IS NOT A WILLING HOST!**

1. I ask Council to pass a motion saying on behalf of the community that Wilmot Township is not a willing host for this proposed mega-industrial site on prime farmland.
2. Publicize this action to provincial officials including the Premier, the Regional Council Chair and councillors; and the entire community of Wilmot Township.
3. Urge Regional Council to remove this land assembly off their agenda and consider it at an end.

Your failure to quickly, strongly and steadfastly pass this motion will mean I will not vote for any members of this council in the next election. I look forward to a response to this email.

Sincerely,

Donald F. Worthington

PS Please include this email as part of the Official Correspondence in the upcoming agenda.
